Corner application

Glass and color options and the ability to integrate with M Series cabinets give the F Series cabinets exceptional versatility and style. The modular design allows for stacking and ganging cabinets together to create customized sizes, while the corner cabinets offer unique, convenient storage in any room. Offering multiple design options, the cabinets' stylish functionality is ideal for bath and powder rooms and provides attractive storage for bar areas.

FEATURES

SOLID ALUMINUM CONSTRUCTION
Durable aluminum resists the intense moisture of the bathroom environment.

SAFESEAL® GASKET
Patented gasket is designed without sharp corners to ensure quiet, moisture- and dust-resistant operation.

SATIN ALUMINUM INTERIOR
The premium silver satin finish interior provides a luxurious finishing touch.

170° HINGE SWING
With convenient three-way adjustments, these heavy-duty concealed hinges open a full 170° – one of the widest swings available in a self-closing hinge. Right- or left-hinge adjustable.

ADJUSTABLE SHELVES
Clear glass shelves adjust in 2-inch increments to provide versatile storage options.

OPTIONS

INTERIOR LIGHTING
Clear anodized interior shelf lights stay cooler than incandescent lights. These lights, available with most F Series cabinets, are UL listed for damp locations.

GANGING CAPABILITY
The ability to stack or gang cabinets and mirrors together completely opens the door to customized room design.

EXTERIOR LIGHTING
Vertical- or top-mount light systems offer lighting options to suit personal preferences.
